PLEASE NOTE

Completing and submitting the patient intake form does not automatically make you a patient at this clinic.

We will contact patients when openings are available. Please do not call to check on the status of your application.

Do not transfer your medical records until requested by the accepting physician.

Patients not contacted will stay on our wait list until there are further openings. We encourage everyone to apply to other accepting clinics.

Patient Informed Consent

Dear Patient,

Consent to use Medical AI Scribe

We may use a Medical AI Scribe, a Health Insurance Portability and Accountability Act (HIPAA) and Personal Information Protection and Electronic Documents Act (PIPEDA) compliant tool, to enhance your consultations. It ensures accurate note taking, allowing your clinician to focus more on you and less on manual tasks, improving your care quality.

Consent to use virtual care tools

The physicians have offered to provide the following means of virtual care:

- Secure electronic communication (email)
- Telephone calls
- Text messaging (appointment reminders)
- Website / portal, for important information when available

I agree to interact with the physician or the physician's staff using these services and to the use of Medical AI Scribe during consultations. I acknowledge that either I or the physician may, at any time, withdraw the option of using the services upon request without affecting the quality of my healthcare.

Patient name _____

Patient signature _____ **Date** _____

PharmaNet: Patient consent to access PharmaNet

The Province of British Columbia has established the provincial pharmacy network and database known as "PharmaNet" pursuant to section 37 of the *Pharmacists, Pharmacy Operations and Drug Scheduling Act*, R.S.B.C. 1996, c. 363, and which may be continued pursuant to section 13 of the *Pharmacy Operations and Drugs Schedule Act*, S.B.C., 2003, c. 77 should it be proclaimed in force during the term of this Agreement.

I, **Name of patient (print)** _____ authorize **Name of physician (print)** _____

and persons directly supervised by him/her to access my personal health information contained within PharmaNet for the purpose of providing therapeutic treatment or care to me, or for the purpose of monitoring drug use by me.

I understand that withdrawal of this consent must be in writing and delivered to the above-named physician.

Executed at _____ **this ___ day of** _____ **20** _____

Patient (signature) _____ **Patient (print)** _____

Witness (signature) _____ **Witness (print)** _____ **Date** _____

Practice Information

Please keep this page for your records.

Appointments

Appointments can be made in person at the office or by calling the office phone number. We are currently working on online booking. To make sure we can book an adequate time for your appointment, we will ask you at the time of booking what concern or reason you are asking to be addressed. Alert us if there will be any paperwork involved as this may require more time.

Late policy

Call the practice if you are running late for a scheduled appointment to enable us to accommodate you on the same day or reschedule based on urgency.

Cancellation policy

We would like at least 24 hours for cancellation. If the practice needs to reschedule your appointment for any reason, efforts will be made to have you scheduled on the earliest available slot.

Missed appointments

The clinic has a fee for any missed appointments or no show. You will be required to pay this fee before you can make any further appointments with providers.

Controlled medication

If you are on high doses of opiates, benzodiazepines, or hypnotics it is expected that you are open to conversations regarding safe practices and willing to work together to lower these medications to a safer dose according to the college guidelines and best standard of practice. We do not abruptly discontinue long term medication without a plan that is safe for the patient.

Chaperone

Our physicians are required to have a chaperone when performing sensitive procedures and examinations. As required by the CPSBC, they can also be required to be present at all or some patient interactions (clinic visit or telephone) as deemed by the provider and circumstances.

Prescription renewals

If you take regular medication, do not allow yourself to be completely out before notifying your doctor. Endeavour to book appointments 2 weeks in advance for renewals, and if we receive a refill notification from your pharmacy, we will be booking a phone call appointment for this. Drug refills can be discussed with your physician.

Termination of the physician-patient relationship

Be aware that termination of the physician-patient relationship may occur in the following situations: (1) harassment and/or violence towards staff, physician or other patients; (2) significant breakdown in the physician-patient relationship, including irremediable differences in philosophy of care.

Uninsured services package

You will be billed for any services that are not covered by the Medical Service Plan (MSP). Please notify the clinic ahead of time.
